

SNAPMASK

A COMFORTABLE MASK

The Mask You'll Want to Wear

Snapmask is a new concept in mask design. This sleek face cover is comfortable to wear and contoured to give ample breathing room. The shape mimics N95 mask design and, when fitted properly, provides a close fit to your face.

Two button snaps fold the fabric into a cupped shape and trap an optional filter at the same time. Each mask is laser cut and has no seams.
